EXAMINER'S AMENDMENT/COMMENTS

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/26/05 has been entered.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kim Kanzaki on September 8, 2005.

The application has been amended as follows:

- a. Claim 1, line 6, change "devices" to "device";
- b. Claim 1, line 13, after "sub-processor", add - - ; wherein said processor core, said configurable peripheral device and said bus are implemented on a field programmable gate array";
- c. Cancel claim 4;

- d. Claim 6, line 16, after "sub-processor", add - - ; wherein said processor core, said configurable peripheral device and said bus are implemented on a field programmable gate array";
- e. Claim 29, line 14, after "sub-processor", add - - ; wherein said processor core, said universal asynchronous receiver transmitter circuit and said bus are implemented on a field programmable gate array";
- d. Cancel claim 32.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claims 1, 6, and 29 recite, inter alia, does not disclose all the limitations of claims 1, 6, 29 wherein the processor core, the configurable peripheral device/UART and the bus are implemented on a field programmable gate array.

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
